

A CLINICAL RESEARCH
STUDY FOR ADVANCED
PROSTATE CANCER
IS CURRENTLY ENROLLING

212082PCR2005

Evaluating Investigational Treatments Through Clinical Research

Men with prostate cancer, who fit this description, may be able to join the study:

- Advanced prostate cancer that has not spread beyond the prostate
- Rising PSA despite current treatment with hormonal therapy

The duration of study participation is anticipated to be approximately 2 years.

Participants will be provided with study drug and study-related medical care at no charge.

If you or somebody you know is facing advanced prostate cancer and would like more information about joining the trial, please contact:
